The Logo

This Create Space logo option makes a visal play on the idea of space and leverages the form of the 'a' in 'space' to create the total logomark.

Space: Space is the first and most obvious feature of this logomark. It is visually represented by the literal space left between the letters p, a and c - where a stands alone and is highlighted by colour. The logo typeface is condensed and the lettering is tightly tracked so as to further underscore the space that is created between the isolated 'a' and the rest of the letters.

Space for what: The isolated 'a' doubles as an upward facing arrow and the arrow represents elevation, expansion, forward-motion and exploration. In the context of the brand these qualities are connected to thought and learning.

In totality the mark says space is created to facilitate expansion and exploration.

Clear Space

In order to preserve its integrity, a clear space should be maintained around the logo at all times.

This space is equal to 'x', as defined by the height of the logomark.

Colour Selection

Navy and **white** serve as the primary background colours, interchangeably.

Red, orange, blue, yellow, green, purple and **grey** act as accent colours and are used more sparingly, and in illustrations.

Text is **navy** on **white** and **white** on **navy**. **Accent colours** can be used as as accents and highlights for text.
